Re: Marg Tex Zone, Reservoir C
Morse Field
Acadia Parish, Louisiana

Application is hereby made on behalf of **PETRO-HUNT, L.L.C.** for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters:

1. To establish rules and regulations and to create two (2) drilling and production units for the exploration for and production of gas and condensate from the Marg Tex Zone, Reservoir C, in the Morse Field, Acadia Parish, Louisiana, said proposed units designated MT RC SUA and MT RC SUB, as shown on the plat attached hereto and made a part hereof.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed units with each tract sharing in unit production on a surface acreage basis of participation.
3. To provide that any future wells drilled to the Marg Tex Zone, Reservoir C, in Morse Field, within or outside of the units created herein, should be located in accordance with the spacing provisions of LAC 43:XIX.1901 et seq. (Statewide Order No. 29-E).
4. To provide that the Commissioner of Conservation should be authorized to reclassify the reservoir by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.
5. To consider such others matters as may be pertinent.

The Marg Tex Zone, Reservoir C, in the Morse Field, is hereby defined as being the stratigraphic equivalent of that gas and condensate bearing zone encountered between the depths of 13,755

feet and 15,460 feet (electrical log measurements) in the Stone Petroleum Corporation – A. Hebert No. 1 Well, located in Section 10, Township 11 South, Range 1 East, Acadia Parish, Louisiana.

Any pertinent data, including well logs, not available from the Office of Conservation, may be obtained **AT THE COST OF THE REQUESTING PARTY** from David Comeaux of Leon E. Comeaux & Associates, 305 La Rue France, Lafayette, Louisiana 70508, Telephone Number 337/233-9839.

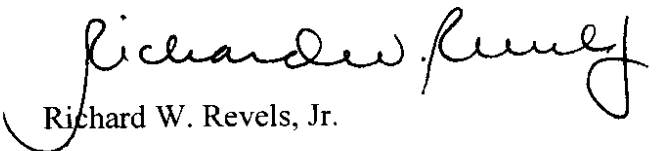

Pursuant to the Rules of Procedure, a pre-application conference was held on October 29, 2008, at which the parties named on the attached list were in attendance. The conference was opened by representatives of the applicant who explained the bases for the units being requested. Several questions were asked and answered. One counterplan was presented as to the proposed western unit (SUA). The conference was then adjourned. Differences between the applicant and the party presenting the counterplan have been resolved, and Petro-Hunt, L.L.C. has revised its western unit as shown on the plat attached hereto and made a part hereof. No change was made with respect to the proposed eastern unit. Should anyone wish to consult regarding the revised unit proposal, the undersigned should be notified.

Attached hereto and made a part hereof are a plat outlining the applicant's proposal, the conference attendance list, and a list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom a copy of this application is being mailed. Pursuant to the Revised Rules of Procedure, the list of parties is being furnished ONLY to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation; however, the list of parties will be furnished to any party requesting copies. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, enclosed is our check in the amount of \$755.00 made payable to the Office of Conservation submitted on behalf of the applicant representing the hearing application fee.

Very truly yours,

LISKOW & LEWIS
