

**DEPARTMENT OF ENERGY AND NATURAL RESOURCES (DENR)
HAZARDOUS MATERIALS**

I hereby attest that, on _____, I conducted a site assessment for the assigned floors upon which the Department of Natural Resources rents space within the LaSalle Building. I have determined that there are no hazardous materials used or stored therein. Therefore, a written hazardous materials communications plan is not required at this time.

If this changes in the future, DENR will formulate a plan and disseminate same to its employees.
