Bayou Corne Project

Traveled to Napoleonville arrived at the Texas Brine Facility gate at 9:00 A.M. Gate was locked. Called the facility to let me in.

Spoke with Mr. Kenneth Blanchard withTexas Brine. He passed on to me no contractor employees were on the site. The rig is layed down as of yesterday evening and all employees left .

Mr. Blanchard was leaving just after me, no one will be at the facility site and the gate will be locked till after the storm.

I went to the Water well site gate, and it was locked.

I went to the command post site no one was there and all the command trailers were all moved out.

I spoke to Mr. Gary Ross to inform him with what is going on there.

See photos attached.
