### Assess2013-03

**Met with Mr. Gus Hernandez with Hernandez Dozer & Trackhoe, on location to get a quote on digging around csg stub --**

**Called DOTTIE - 811- to have the necessary Co.'s to come mark lines, if any, around where We will be digging - Talked to Brittni with 811 and theTicket # is 120 314 243 --**

**1) Eric with Crosstex came and gave us an OK**

**2) Danny with Florida Gas came and gave us an OK -- He just want to make sure we are going to mat the pipeline crossing on the lease road --**

**Baton Rouge awarded the contract to Rene's Trucking, Inc. -- Called Mr. Stuart to let him know that he can start moving his equipment in and be ready to start in the morning for 8:00 am --**

**Chee Wee and Myself went and made an up to date inspection on Orphan Well Ser # 41802 and Chee Wee put the inspection on the system -- Will E-Mail pictures and a brief movie of the activities around the well site --**

**We were not able to locate the other two wells in the woods today -- We will try to locate these wells in the morning while the excavator is digging around the csg stub --**

**DEQ wanted to take samples of the gas around the stub before We start doing any digging -- DEQ were told early this morning that We will be moving in the equipment "ASAP" to start digging and as of now DEQ still hadn't acquired any samples -- Sarah said to go ahead and do what We needed to do, and cover up the hole by the csg when we're finish, so they can get their samples at a later date, if necessary --**
