Commissioner James H. Welsh P.O. Box 94275 Baton Rouge, LA 70804

# RE: In response to State of Louisiana Department of Natural Resources Office of Conservation's Second Amendment to Declaration of Emergency and Directive

Commissioner Welsh,

In response to the Second Amendment and Declaration of Emergency and Directive order issued by the Louisiana Department of Natural Resources (LDNR), Office of Conservation on September 25, 2012, Texas Brine Company, LLC (TPC) understands the seven items listed in the document.

In the above mentioned, TBC was specifically directed and ordered to perform certain tasks outlined in the above mentioned document. Below are the required responses, as directed.

- 1. TBC's counsel provided LDNR legal counsel with a response to Directives 1-3 on September 28, 2012.
- 2. TBC understands Directive 4, which is to provide all daily logs and field notes from all contractors conducting investigation into subsidence and natural gas bubbling. The Daily Action Summary and results for current information can be found in the Attachment section of this report.
- 3. TBC understands Directive 5, which directs TBC to immediately allow for split or share any sample taken on site related to Well 3A (Serial Number 974265), the cavern, other wells facilities or other site locations. The Daily Action Summary of today's collection can be found in Attachment section of this report.
- 4. TBC understands Directive 6, which directs TBC to immediately report the results (final and preliminary) of any tests, logs samples or data collection performed on Well 3A, the cavern, other wells, facilities or site locations that indicate a change in any previously known conditions related to the investigation of the subsidence or natural gas bubbling

- events, and continue to report any such results. The Daily Action Summary and the Results related to this Directive can be found in Attachment section of this report.
- 5. TBC understands the Directive 7, which states that TBC will provide a daily summary of all tests, or logs performed or samples taken from Well 3A and the cavern as well as any results of those tests or logs, including preliminary as of September 25, 2012 and going forward. The Daily Summary and Results related to this Directive can be found in Attachment section of this report.

Please note that the drilling rig used for the Observation Well 3A has been removed and the site is being rigged down and returned to pre-drilling condition. As such, daily drilling reports for this well have ceased. Plans are being made for longer term potential gas venting/flaring requirements and possible hydrocarbon material recover from Well 3A.

In addition, previous daily summary reports issued to LDNR have included significant duplicate information as there is a fair amount of overlap in the information requested in each of the Directives included in the September 25, 2012 order. All requested information associated with the Directives issued in the September 25, 2012 order are included in the Attachment section of this report.

TBC believes that the submittal of this report satisfies the requirements of the Declaration of Emergency and Directive issued on September 25, 2012. As directed this report is submitted by email to <u>conservationorder@la.gov</u>, ref. "Emergency Declaration-Texas Brine Company LLC-9/25/2012.

# **Daily Action Summary**

# **January 20, 2014**

# Sinkhole Perimeter Air Monitoring and Neighborhood Air Monitoring

- The following locations are equipped with solar-powered weather boxes: Pad #9, TR-1a, ORW-11a, ORW-9a, ORW-5, and PVW-BS-56a. And, the following locations are equipped with electrical power: ORW-49-WH and ORW-50-WH. Thus, daily monitor change-out is no longer necessary for these locations. All monitors will continue to be calibrated and serviced as necessary.
- No Sage personnel onsite.
- Megan Tramonte of Code Red (monitor sub-contractor) onsite from 07:00 to 17:00. Assisted in maintenance of the monitoring equipment as necessary.

#### **Residential Air Monitoring**

• Sage has been requested to suspend bimonthly residential air monitoring. Therefore, Sage will discontinue these activities. The last event was conducted on March 26, 2013.

# **Gas Seep Sampling**

• Not Scheduled

# **Well Gas Sampling**

Not Scheduled

# **Under Slab Gas Sampling**

Not Scheduled

# **Air Indoor Monitoring**

Not Scheduled

# **RESPEC Consulting & Services**

Texas Brine, L.L.C.
Assumption Parish, Louisiana
Daily Field Report

Report By:	Crystal Hocking	Date:	1/20/2014
	RESPEC		: 2241

Personnel	Company	Job Title
Eric Krantz	RESPEC	Staff Engineer
John Knight	RESPEC	Staff Geologist

<b>Time Onsite:</b> Start Time:	7:30	End Time:	17:00
---------------------------------	------	-----------	-------

#### **DAILY ACTIVITY:**

Attended onsite contractor and safety meeting.

#### **Instrumentation Program:**

General maintenance of sites 31, 32, 34, 36, 37, 54, 26, 29, 35, and 60.

#### **Other Programs:**

<u>Passive Vent Wells</u>: RESPEC and WHE developed well PVW-03 in the Bayou Corne community. Berm Mapping: No Work Conducted.

#### PROPOSED SCHEDULE:

# **Instrumentation Program:**

Quarterly maintenance of western and southern water level and IPI sites. Begin drilling for IPI-STR02 on Wednesday 1/22/14.

#### **Other Programs:**

<u>Passive Vent Wells:</u> Oversee development of well PVW-01. Geoprobe coring at PVW-02 (GP-6) has been postponed until DOT access permit is approved, or an alternate site will be selected. Monitor gas pressure and install pressure data logger at PVW-03. Retrofit wellhead for monitoring at GP-05. RESPEC will work with WHE and TBC to begin demobilizing the barge from PVW-56 (located near the former location of NSDBS-056). Collect recent pressure measurements from all wells in the DPVE-26 area.

<b>Berm Mapping:</b> Finish mapping berms west of sinkhole.			
	Initials:	CMH
