DESCRIPTION: Proposed plug/abandon the SL 6430 Wells No. 3 & 5 and removal of associated structures. A 3" pipeline was installed from the No. 5 well to an existing facility which is located in an existing slip off of Belle Pass. The portion of that line (5,754') that is located in open water will be removed. In accordance with the surface landowner's request, the portion (2,701') of that line which was installed across the marsh will be abandoned in place. Approximately 748 cubic yards of material will be displaced by removal operations.

REVISION 1: This is an extension.

NOTICE the Louisiana Department of Natural Resources, Office of Coastal Management (OCM) has received a request to extend the two year period for initiation of work for the above referenced Coastal Use Permit in accordance with the State and Local Coastal Resources Management Act of 1978, as amended, (Louisiana R.S. 49:214.21-214.41), and the rules and regulations of the Coastal Resources Program. Applications for the proposed work may be inspected at 617 North 3rd Street, Room 1078, Baton Rouge, LA or on the OCM web page at: <http://dnr.louisiana.gov/index.cfm?md=pagebuilder&tmp=home&pid=591>. Copies may be obtained upon payment of cost of copying. Written comments, including suggestions for modifications or objections to the proposed work and stating the reasons thereof, are being solicited from the public. Comments must be received within 10 days of the date of publication of this notice. The sole reason for not allowing extension based upon public comment shall be that there has been a change in the conditions of the area affected by the permit since the permit was originally issued. Comments should be uploaded to our electronic record, but may be mailed, faxed or emailed to the designated OCM Reviewer. All comments must contain the appropriate application number and the commenter's full name and contact

information.
