Interested parties are hereby notified that in accordance with LAC Title 43, Chapter 7, §723.C.6.e the Secretary of the Department of Natural Resources has received a request for a public hearing concerning Coastal Use Permit Application No. P20121273. Upon due consideration, the Secretary has determined that a public hearing is not warranted in this instance. Therefore, in accordance with LAC Title 43, Chapter 7, §723.C.6.e, this is to announce that a Public Hearing will not be held.

NAME: **St. Charles Parish Dept. of Public Works**
c/o GCR, Inc.
2021 Lakeshore Drive, Suite 500
New Orleans, LA 70122
Attn: Lucas Lilly

LOCATION: **St. Charles Parish, LA**; POB near Paradis Canal: Lat. 29º 51' 48"N and Long. 90º 24' 47"W; POE near proposed Ellington Levee (P20100821): Lat. 29º 53' 24"N and Long. 90º 22' 17"W; Magnolia Ridge Ranchettes; Magnolia Ridge Road in Boutte, LA.

DESCRIPTION: Proposed levee improvements and construction of the West Bank Hurricane Protection Levee - Phase 1 Magnolia Ridge to a height of +/-7.0' (NAVD). Levee improvements include storm drainage canals, pumping station, +/-100' weir, gated culverts, detention pond, riprap, borrow canal, maintenance berm, access ramps, sheetpile, articulated concrete mattress, pipeline crossings thru T-Wall, floodwalls, pumping station discharge pipes, closure structure and discharge pipes adjacent to the developed areas. Approximately 25,500 cubic yards of excavation required of which +/-11,250 cubic yards will be placed onsite and +/-14,250 cubic yards will be hauled offsite. Approximately 1,200 cubic yards of concrete, 7,800 cubic yards of crushed stone/gravel, 11,200 cubic yards of sand, 77,800 cubic yards of topsoil/dirt, and 550 cubic yards of rip rap will be hauled in and used as fill.
