

**TRACT 42317 - Iberia and Vermilion Parishes, Louisiana**

All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description as to which title is vested in the State of Louisiana, together with all islands arising therein and other lands formed by accretion or by reliction, where allowed by law, excepting tax adjudicated lands, and not presently under mineral lease on October 12, 2011, situated in Iberia and Vermilion Parishes, Louisiana, and more particularly described as follows: Beginning at a point having Coordinates of X = 1,792,338.44 and Y = 413,832.62; thence East 7,650.24 feet to a point having Coordinates of X = 1,799,988.68 and Y = 413,832.62; thence South 10,444.77 feet to a point having Coordinates of X = 1,799,988.68 and Y = 403,387.85; thence West 7,650.24 feet to a point having Coordinates of X = 1,792,338.44 and Y = 403,387.85; thence North 10,444.77 feet to the point of beginning, containing approximately **1,651 acres**, all as more particularly outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927, (North or South Zone), where applicable.

NOTE: The above description of the Tract nominated for lease has been provided and corrected, where required, exclusively by the nomination party. Any mineral lease selected from this Tract and awarded by the Louisiana State Mineral and Energy Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral and Energy Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other future obligations or conditions which may affect all or any portion of the leased Tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral and Energy Board, nor shall the Louisiana State Mineral and Energy Board be obligated to refund any consideration paid by the Lessor prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rentals and royalties.

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee, its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as herein above reserved.

NOTE: This tract is located in an area designated by the Louisiana Legislature or the Wildlife and Fisheries Commission as a Public Oyster Seed Ground, Reservation, or area of Calcasieu or Sabine Lake. Proposed

projects occurring in these areas will be evaluated on a case by case basis by Louisiana Department of Wildlife & Fisheries. Modifications to proposed project features including, but not limited to, access routes, well sites, flowlines, and appurtenant structures maybe required by the Louisiana Department of Wildlife and Fisheries. In addition, compensatory mitigation will be required to offset unavoidable habitat impacts.

P.O.B.

**TRACT 42319 - Portion of Blocks 290, and 291, South Marsh Island Area, Iberia and Vermilion Parishes, Louisiana**

All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description as to which title is vested in the State of Louisiana, together with all islands arising therein and other lands formed by accretion or by reliction, where allowed by law, excepting tax adjudicated lands, and not presently under mineral lease on October 12, 2011, situated in Iberia and Vermilion Parishes, Louisiana, and more particularly described as follows: Beginning at a point lying within Block 290, South Marsh Island Area, said point located on the Louisiana Coastline, as decreed by the Supreme Court of the United States, as determined by a Special Master appointed therein, in litigation styled *United States v. State of Louisiana et al No. 9 Original*, in 1975, having Coordinates of X = 1,770,962.99 and Y = 329,157.81; thence Northwesterly, on a straight line, along said Louisiana Coastline to a point having Coordinates of X = 1,763,190 and Y = 333,540; thence South 88 degrees 21 minutes 22 seconds East 6,622.73 feet to a point having Coordinates of X = 1,769,810.00 and Y = 333,350.00; thence North 79 degrees 31 minutes 41 seconds East 3,405.73 feet to a point having Coordinates of X = 1,773,159.00 and Y = 333,969.00; thence South 62 degrees 06 minutes 05 seconds East 4,150.37 feet to a point having Coordinates of X = 1,776,827.00 and Y = 332,027.00; thence Easterly approximately 984 feet, on a straight line, to the Westernmost point of Marsh Island Wildlife Refuge; thence Southeasterly along the meanders of the Western boundary of the said Marsh Island Wildlife Refuge to a point of intersection with an East-West line having a Coordinate of Y = 329,157.81; thence West approximately 7,860 feet along said line to the point of beginning, **LESS AND EXCEPT** that portion, if any, of the Marsh Island Wildlife Refuge that lies within the above described tract, containing approximately **1,020 acres**, all as more particularly outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927, (North or South Zone), where applicable.

NOTE: The above description of the Tract nominated for lease has been provided and corrected, where required, exclusively by the nomination party. Any mineral lease selected from this Tract and awarded by the Louisiana State Mineral and Energy Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral and Energy Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other future obligations or conditions which may affect all or any portion of the leased Tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral and Energy Board, nor shall the Louisiana State Mineral and Energy Board be obligated to refund any consideration paid by the Lessor prior to such

modification, cancellation, or abrogation, including, but not limited to, bonuses, rentals and royalties.

NOTE: The Office of Mineral Resources will require a minimum bonus of \$300 per acre and a minimum royalty of 25%.

NOTE: The acreage contained herein, being a portion of State Lease 335, 340 or 341, was subject to the litigation between Texaco, Inc. and the State of Louisiana which resulted in the Global Settlement Agreement compromise whereby this acreage was reassigned through various mesne conveyances to the successors of William T. Burton, the original lessee of said leases from the State, (hereinafter otherwise referred to as the "ORRO's) and approved by the State Mineral and Energy Board, becoming effective April 25, 1994. Under separate agreement by and between the State and the ORRO's, certain obligations were to be met within a specified time frame or the ORRO's became obligated to release the reassigned acreage back to the State. The obligations were not met within the specified time frame and the State began securing the releases for the acreage contained herein. Due to the extremely large number of ORRO's, their nationwide and worldwide dispersal, the unreliability of available contact information and/or a present inability to obtain full, requisite cooperation, the State has, as yet, not secured releases from certain ORRO's representing approximately a .0258336 interest in this acreage. Accordingly, although the State is diligently pursuing the requisite releases affecting this acreage (the furnishing of which the ORRO's representing the stated decimal interest are obligated), nevertheless, a party obtaining a mineral lease from the State of Louisiana on the acreage contained herein shall do so with full knowledge that a complete release of all specific ORRO interest in this acreage has not as yet been secured and shall assume a business risk commensurate with the unsecured interest release.

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee, its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as herein above reserved.

NOTE: It appears, according to our records, that a portion of this Tract is located within the restrictive safety fairway area as set out by the Corps of Engineers, U.S. Army and/or the restrictive anchorage area as set out by the U.S. Coast Guard.

NOTE: This tract is located in an area designated by the Louisiana Legislature or the Wildlife and Fisheries Commission as a Public Oyster Seed Ground, Reservation, or area of Calcasieu or Sabine Lake. Proposed projects occurring in these areas will be evaluated on a case by case basis by Louisiana Department of Wildlife & Fisheries. Modifications to proposed project features including, but not limited to, access routes, well sites, flowlines, and appurtenant structures maybe required by the Louisiana Department of Wildlife and Fisheries. In addition, compensatory mitigation will be required to offset unavoidable habitat impacts.

NOTE: All or a portion of this Tract lies within one nautical mile of the boundary of the Russell Sage or Marsh Island Wildlife Refuge and Game Preserve. Any activities connected with this lease conducted within this Tract which may pose potential environmental impacts to the said Wildlife Refuge and Game Preserve should be coordinated with the Louisiana Department of Wildlife and Fisheries.

**TRACT 42323 - Portion of Block 35, Main Pass Area, Revised, Plaquemines Parish, Louisiana**

All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description as to which title is vested in the State of Louisiana, together with all islands arising therein and other lands formed by accretion or by reliction, where allowed by law, excepting tax adjudicated lands, and not presently under mineral lease on October 12, 2011, situated in Plaquemines Parish, Louisiana, and more particularly described as follows: Beginning at the Southwest corner of State Lease No. 1961, as amended, said corner also being a point on the West line of Block 35, Main Pass Area, Revised, having Coordinates of X = 2,605,850.00 and Y = 285,445.80; thence East 14,750.00 feet along the South line of said State Lease No. 1961, as amended, to its Southeast corner, said corner also being a point on the East line of said Block 35, having Coordinates X = 2,620,600.00 and Y = 285,445.80; thence along said Block 35 the following courses: South 7,365.80 feet to a point having Coordinates of X = 2,620,600.00 and Y = 278,080.00; West 14,750.00 feet to a point having Coordinates of X = 2,605,850.00 and Y = 278,080.00; thence North 7,365.80 feet to the point of beginning, containing **2,494.16 acres**, all as more particularly outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927, (North or South Zone), where applicable.

NOTE: The above description of the Tract nominated for lease has been provided and corrected, where required, exclusively by the nomination party. Any mineral lease selected from this Tract and awarded by the Louisiana State Mineral and Energy Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral and Energy Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other future obligations or conditions which may affect all or any portion of the leased Tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral and Energy Board, nor shall the Louisiana State Mineral and Energy Board be obligated to refund any consideration paid by the Lessor prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rentals and royalties.

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee, its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the

Department of Natural Resources, its Offices or Commissions, as herein above reserved.

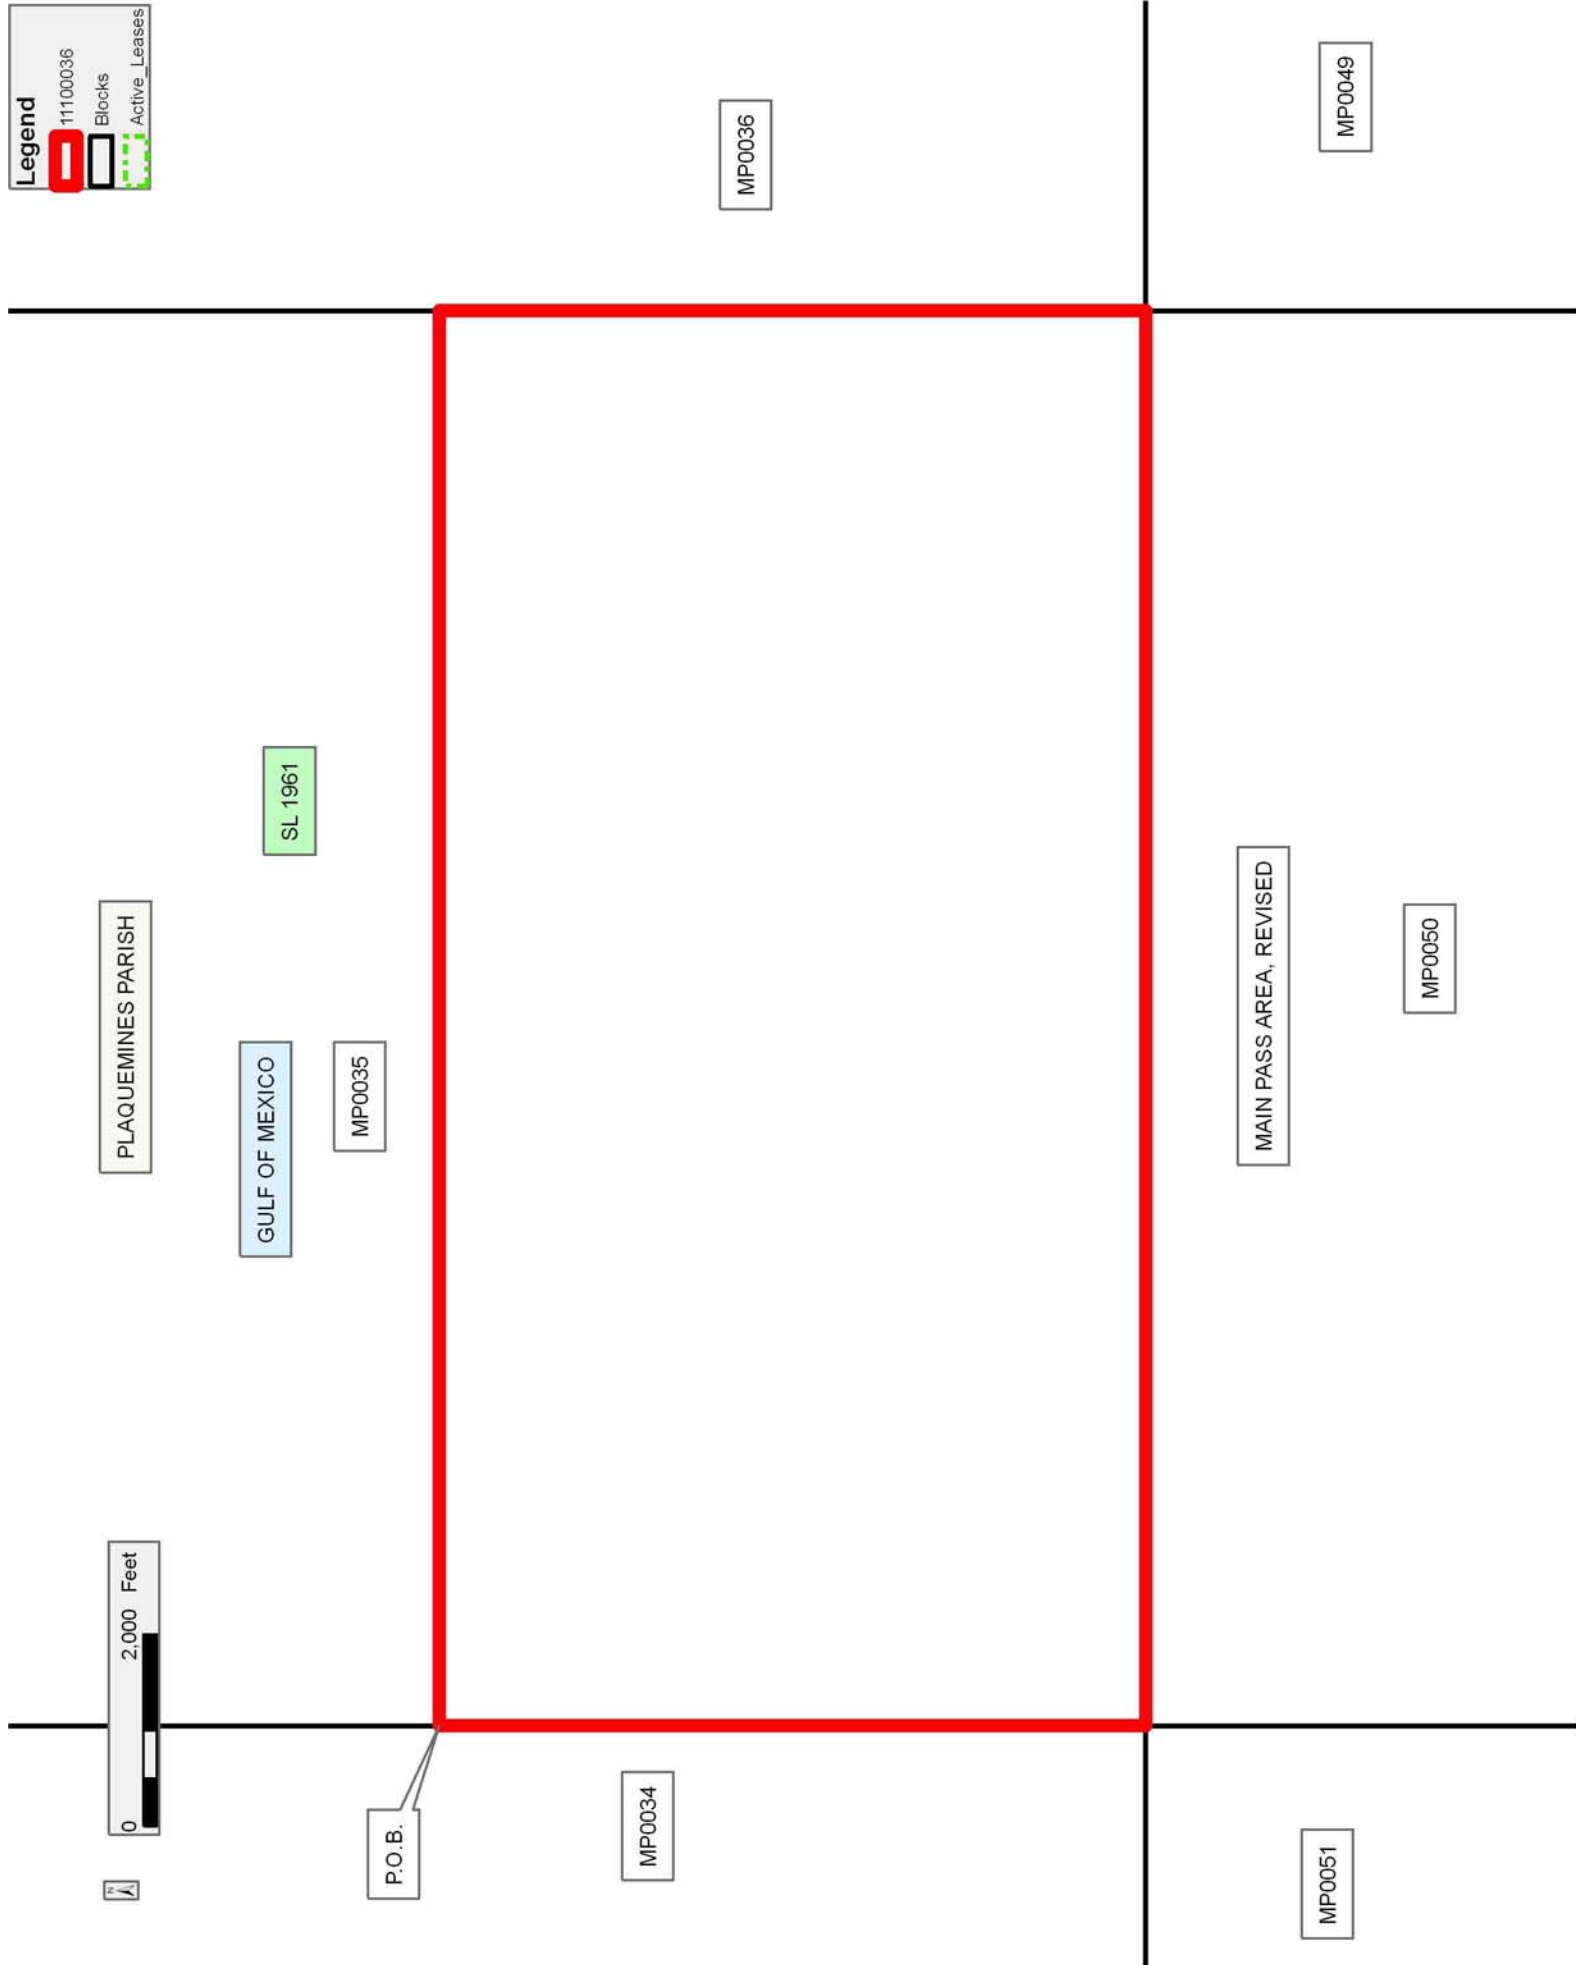

NOTE: This tract is located in an area designated by the Louisiana Legislature or the Wildlife and Fisheries Commission as a Public Oyster Seed Ground, Reservation, or area of Calcasieu or Sabine Lake. Proposed projects occurring in these areas will be evaluated on a case by case basis by Louisiana Department of Wildlife & Fisheries. Modifications to proposed project features including, but not limited to, access routes, well sites, flowlines, and appurtenant structures maybe required by the Louisiana Department of Wildlife and Fisheries. In addition, compensatory mitigation will be required to offset unavoidable habitat impacts.
