

APPENDIX F

**LOUISIANA COASTAL IMPACT ASSISTANCE
PLAN REVISIONS**

Appendix F: Louisiana Coastal Impact Assistance Plan Modifications

This appendix tracks the modifications proposed to the original Louisiana Coastal Impact Assistance Plan. The table below lists all modifications to the approved plan, who requested the modifications, and actions taken by the Minerals Management Service (MMS) on those proposed modifications to date.

#	State and/or Parish	Project	Revisions Requested	Date Revision Requested	Date Approved
1-1	Louisiana & Terrebonne Parish Lafourche Parish, Louisiana, & Terrebonne Parish	Houma Navigation Canal (HNC) Lock West Caminada Headland Beach/Dune Restoration and Marsh Creation	<p>The Houma Navigation Canal (HNC) Lock project funding was modified to eliminate the State of Louisiana cost share of \$33 million, reduce the Terrebonne Parish cost-share \$7,000,000 (from \$10,000,003 to \$3,000,003), and move the project from the state/parish cost shared project list to the Parish Tier One Project list for Terrebonne Parish (note that \$40 million has been added to the HNC Lock project from state funding source).</p> <p>The state and parish CIAP funding for the HNC Lock project was added to what was previously the Lafourche Parish Tier Two West Caminada Headland Beach/Dune Restoration and Marsh Creation project, which will now be a state/parish cost shared Tier One project.</p> <p>Changes have been made to these projects as a result of an alternate source of funding for the Houma Navigation Canal (HNC) Lock project becoming available.</p>	December 27, 2007	Accepted April 25, 2008
1-2	Louisiana	Mississippi River Delta Management Strategic Planning	<p>The State of Louisiana has reduced the funding for the Mississippi River Delta Management Strategic Planning project from \$5,000,000 to \$2,500,000.</p> <p>Changes have been made to the funding on this project to address projected construction funding increases in other projects</p>	December 27, 2007	Accepted April 25, 2008
1-3	Louisiana & St. Charles Parish	Lake Salvador Shoreline Protection (Phase III)	<p>The State of Louisiana has increased their funding for the Lake Salvador Shoreline Protection (Phase III) project from \$1,300,000 to \$2,300,000 and St. Charles Parish has increased their funding for the Lake Salvador Shoreline Protection (Phase</p>	December 27, 2007	Accepted April 25, 2008

#	State and/or Parish	Project	Revisions Requested	Date Revision Requested	Date Approved
	St. Charles Parish	III) East LaBranche Shoreline Protection Project	<p>III) project from \$1,300,000 to \$2,300,000.</p> <p>St. Charles Parish has reduced the funding for the East LaBranche Shoreline Protection Project by \$1,000,000.</p> <p>Construction cost increases (especially on shoreline protection projects due to a substantial increase in Hurricane Katrina related Storm Protection work) have resulted in our revised construction cost estimate for this project.</p>		
1-4	Louisiana	Rockefeller Refuge Shoreline Protection Demonstration Project	<p>The State of Louisiana has increased the funding for the Rockefeller Refuge Shoreline Protection Demonstration Project by \$500,000 from \$8,000,000 to \$8,500,000.</p> <p>Construction cost increases (especially on shoreline protection projects due to a substantial increase in Hurricane Katrina related storm protection work) have resulted in our revised construction cost estimate for this project.</p>	December 27, 2007	Accepted April 25, 2008
1-5	Plaquemines Parish	East Grand Terre Island Restoration Fringe Marsh Repair	<p>Plaquemines Parish has moved \$2,493,224 in funding for the East Grand Terre Island Restoration project from FY2009 to FY2007 and has moved \$2,493,224 in funding for the Fringe Marsh Repair project from FY2007 to FY2009.</p> <p>The transfer of funds by Plaquemines Parish for the East Grand Terre Island Restoration project will allow for earlier bid of that project which is being funded in jointly with the State of Louisiana.</p>	December 27, 2007	Accepted April 25, 2008
1-6	Louisiana	Orleans Land Bridge Shoreline Protection and Marsh Creation Project	<p>The State of Louisiana has revised the funding allocations for the Orleans Land Bridge Shoreline Protection and Marsh Creation Project (original: FY2007 - \$2,850,000; and FY2009 - \$24,350,000/current: FY2007 - \$1,450,000; FY2008 - \$1,400,000; and FY2009 - \$24,350,000) to allow for timely implementation of CIAP projects. The total funding for the project remains the same.</p>	December 27, 2007	Accepted April 25, 2008
1-7	Louisiana	Gulf Intracoastal Waterway (GIWW) Bank Restoration of	<p>The State of Louisiana has revised the funding allocations for the Gulf Intracoastal Waterway (GIWW) Bank Restoration in Critical Areas of Terrebonne Parish Project (original: FY2007 - \$8,000,000/current: FY2007 - \$1,000,000; and FY2008 - \$7,000,000) to allow for timely implementation of CIAP projects.</p>	December 27, 2007	Accepted April 25, 2008

#	State and/or Parish	Project	Revisions Requested	Date Revision Requested	Date Approved
		Critical Areas of Terrebonne Parish	The total funding for the project remains the same.		
1-8	Louisiana	Barataria Land Bridge Dedicated Dredging	The State of Louisiana has revised the funding allocations for the Barataria Land Bridge Dedicated Dredging Project (original: FY2007 - \$6,000,000; and FY2008 - \$12,000,000/current: FY2007 - \$18,000,000) to allow for timely implementation of CIAP projects. The total funding for the project remains the same.	December 27, 2007	Accepted April 25, 2008
1-9	Louisiana	Central Wetlands Assimilation Project (Phase 1)	The State of Louisiana has revised the funding allocations for the Central Wetlands Assimilation Project (Phase 1) (original: FY2007 - \$1,000,000; FY2008 - \$7,500,000; and FY2009 - \$1,500,000/current: FY2007 - \$600,000; FY2008 - \$7,900,000; and FY2009 - \$1,500,000) to allow for timely implementation of CIAP projects. The total funding for the project remains the same.	December 27, 2007	Accepted April 25, 2008
1-10	Louisiana	Grand Lake Shoreline Protection	The State of Louisiana has revised the funding allocations for the Grand Lake Shoreline Protection (original: FY2007 - \$8,600,000; and FY2008 - \$2,000,000/current: FY2007 10,600,000) to allow for timely implementation of CIAP projects. The total funding for the project remains the same.	December 27, 2007	Accepted April 25, 2008
1-11	Louisiana	Freshwater Bayou Bank Stabilization	The State of Louisiana has revised the funding allocations for the Freshwater Bayou Bank Stabilization Project (original: FY2007 - \$1,300,000; and FY2008 - \$10,700,000/current: FY2007 - \$1,700,000; and FY2008 - \$10,300,000) to allow for timely implementation of CIAP projects. The total funding for the project remains the same.	December 27, 2007	Accepted April 25, 2008
1-12	Louisiana	LA1 Improvements – Fourchon to Leeville Bridge (Phase 1A)	The State of Louisiana has revised the funding allocations for the LA1 Improvements - Fourchon to Leeville Bridge (Phase 1A) Project (original: FY2007 - \$16,660,911; and FY2008 - \$16,339,089/current: FY2007 - \$8,760,911; FY2008 - \$15,939,089; and FY2009 - \$8,300,000) to allow for timely implementation of CIAP projects. The total funding for the project remains the same.	December 27, 2007	Accepted April 25, 2008
1-13	Louisiana	Blind River Freshwater Diversion	The State of Louisiana has revised the funding allocations for the Blind River Freshwater Diversion Project (original: FY2007 - \$2,000,000; and FY2009 - \$25,300,000 /current: FY2007 - \$2,000,000; FY2008 - \$2,500,000; FY2009 - \$22,200,000; and	December 27, 2007	Accepted April 25, 2008

#	State and/or Parish	Project	Revisions Requested	Date Revision Requested	Date Approved
			FY2010 - \$600,000) to allow for timely implementation of CIAP projects. The total funding for the project remains the same.		
1-14	Louisiana	Violet Diversion	The State of Louisiana has revised the funding allocations for the Violet Diversion Project (original: FY2007 - \$3,992,500; and FY2010 \$43,575,500/current: FY2007 - \$3,992,500; FY2008 - \$600,000; and FY2010 - \$42,757,500) to allow for timely implementation of CIAP projects. The total funding for the project remains the same.	December 27, 2007	Accepted April 25, 2008
2-1	Louisiana	Violet Diversion Violet Diversion	<p>The State of Louisiana has modified the originally approved Violet Diversion project description to describe the increase in the project area, and goals as reflected in the 2007 Water Resources Development Act (WRDA) authorized Violet Diversion project. As described in the originally approved Violet Diversion project description, the state planned to take advantage of funding opportunities for increasing the diversion benefits if the WRDA authorization of the Violet Division were to occur. The WRDA authorization allows the state to use CIAP funding as its required cost share for the Violet Diversion project.</p> <p>The State of Louisiana has reduced the funding for the Violet Diversion Project from \$47,350,000 to \$36,722,798 by reducing the FY2009 and FY2010 allocations due to lower than estimated 2009 and 2010 fiscal year allocations. (original: FY2009 - \$5,313,601; FY2010 - \$37,443,899/ current: FY2009 - \$0 Louisiana; FY2010 – \$32,130,298 Louisiana).</p>	August 2009 August 2009	

#	State and/or Parish	Project	Revisions Requested	Date Revision Requested	Date Approved
2-2	Louisiana	<p>Blind River Freshwater Diversion</p> <p>Blind River Freshwater Diversion</p>	<p>The State of Louisiana has modified the originally approved Blind River Freshwater Diversion project description to describe the opportunity to use CIAP funding as a cost-share for the Blind River Freshwater Diversion project to match federal funding as approved in the 2007 WRDA. The WRDA authorization allows the state to cost-share with CIAP funding on that federal project.</p> <p>The State of Louisiana has revised the funding allocations for the Blind River Freshwater Diversion Project in order to fund the project at the previously approved amount of \$27,300,000 from Louisiana CIAP funds. The total funding for the project remains the same. (original: FY2009 - \$22,200,000; FY2010 - \$600,000/ current: FY2009 - \$16,886,399 Louisiana; FY2010 - \$5,913,601 Louisiana).</p>	<p>August 2009</p> <p>August 2009</p>	
2-3	Louisiana	State of Louisiana – Administration of CIAP Program	The State of Louisiana has added the State of Louisiana - CIAP Administration of CIAP Program project as a State Tier One project to be funded in the amount of \$2,000,000. (FY2009 - \$1,000,000 Louisiana; FY2010 \$1,000,000 Louisiana).	August 2009	
2-4	Louisiana and Lafourche Parish	LA 1 Improvements	Lafourche Parish has reduced funding for the LA 1 Improvements from \$35,161,080 to \$35,120,658 by reducing its 2009 and 2010 fiscal year project allocations due to lower than estimated FY2009 and FY2010 allocations. (original: FY 2009 - \$540,270; FY2010 - \$540,270/current: FY2009 – \$520,059; FY2010 – \$520,059).	August 2009	
2-5	Louisiana and Iberia Parish	<p>Acadiana Regional Airport Street Improvements – LA 675</p> <p>Acadiana Regional Airport Street Improvements – Admiral Doyle Drive</p>	<p>Louisiana and Iberia Parish are proposing to remove the previously authorized CIAP Tier One project Acadiana Regional Airport Street Improvements – LA 675 jointly funded in the amount of \$1,872,500 from CIAP.</p> <p>Louisiana is proposing to fund the Acadiana Regional Airport Street Improvements – Admiral Doyle Drive Project in the amount of \$179,256 in order to fully fund the project from funding originally approved for the Acadiana Regional Airport Street Improvements – LA 675 Project that has been removed from CIAP.(original: FY2007 - \$0/current: FY2007 - \$179,256)</p>	<p>August 2009</p> <p>August 2009</p>	

#	State and/or Parish	Project	Revisions Requested	Date Revision Requested	Date Approved
		<p>Port of Iberia Bridge Replacement – Port Road Over Rodere Lateral</p>	<p>Iberia Parish has reduced the funding for the Acadiana Regional Airport Street Improvements – Admiral Doyle Drive from \$490,000 to \$460,744 due to lower than estimated FY2009 and FY2010 allocations. (original: FY2010 - \$490,000/current: FY2010 – \$460,744)</p> <p>Louisiana is proposing to fund the Port of Iberia Bridge Replacement – Port Road over Rodere Lateral Project in the amount of \$339,255 in order to fully fund the project from funding originally approved for the Acadiana Regional Airport Street Improvements – LA 675 Project that has been removed from CIAP. (original: FY2007 - \$0/current: FY2007 - \$339,255)</p> <p>Iberia Parish has increased the funding for the Port of Iberia Bridge Replacement – Port Road over Rodere Lateral to \$380,744 from \$180,000, by reallocating FY2008 and FY2009 project allocations. (original: FY2009 - \$180,000/current: FY2008 – \$70,000; FY2009 – \$310,745)</p>	<p>August 2009</p> <p>August 2009</p> <p>August 2009</p>	
		<p>Port of Iberia Bridge Replacement – David Dubois Road over Commercial Canal</p>	<p>Louisiana is proposing to fund the Port of Iberia Bridge Replacement – David Dubois Road over Commercial Canal Project in the amount of \$570,000 in order to fully fund the project from funding originally approved for the Acadiana Regional Airport Street Improvements – LA 675 Project that has been removed from CIAP. (original: FY2007 - \$0/current: FY2007 - \$570,000)</p>	<p>August 2009</p>	
		<p>Port of Iberia Bridge Replacement – Port Road over Commercial Canal</p>	<p>Iberia Parish has reallocated funding to the Port of Iberia Bridge Replacement – Port Road over Commercial Canal (original: FY2007 - \$40,000; FY2008 - \$250,000; FY2009 - \$140,000/proposed: FY2007 - \$40,000; FY2008 - \$280,000; and FY2009 - \$110,000) to allow for timely implementation of CIAP projects.</p>	<p>August 2009</p>	

#	State and/or Parish	Project	Revisions Requested	Date Revision Requested	Date Approved
		Port of Iberia Street Improvements – Unifab Road	<p>Louisiana is proposing to fund the Port of Iberia Bridge Replacement – Port Road over Commercial Canal Project in the amount of \$570,000 in order to fully fund the project from funding originally approved for the Acadiana Regional Airport Street Improvements – LA 675 Project moved to Tier 2. (original: FY2007 - \$0/current: FY2007 - \$570,000)</p> <p>Louisiana is proposing to fund the Port of Iberia Street Improvements Project – Unifab Road in the amount of \$13,989 in order to fully fund the project from funding originally approved for the Acadiana Regional Airport Street Improvements – LA 675 Project that has been moved to Tier 2. (original: FY2007 - \$0/current: FY2007 - \$13,989)</p>	<p>August 2009</p> <p>August 2009</p>	
2-6	Louisiana and St. Mary Parish	Morgan City Industrial Road	St. Mary Parish has reduced the funding for the Morgan City Industrial Road from \$860,000 to \$837,114 by reducing its FY 2010 project allocation due to lower than estimated FY 2009 and FY 2010 allocations.(original: FY2009 - \$92,531; FY2010 - \$432,469/current: FY2009 -\$92,531; FY2010 - \$409,583)	August 2009	
2-7	Louisiana & Orleans Parish	Orleans Land Bridge Shoreline Protection & Marsh Creation	Orleans Parish has reduced its funding for the Orleans Land Bridge Shoreline Protection & Marsh Creation Project from \$15,095,966 to \$14,768,204 by reducing its FY2009 and FY2010 project allocations due to lower than estimated FY2009 and FY2010 allocations. (original: FY2009- \$3,773,991;FY2010-\$3,773,991/current:FY2009 - \$3,610,110; FY2010 - \$3,610,110)	August 2009
