

COMPLIANCE TOOLS

for the
**LOUISIANA COMMERCIAL BUILDING
ENERGY CONSERVATION CODE**

**LA DEPARTMENT OF NATURAL RESOURCES
TECHNOLOGY ASSESSMENT DIVISION**

PRESENTS A FREE SEMINAR – 2.0 CEU (HS&W) OR PDH

With assistance from:
PACIFIC NORTHWEST NATIONAL LABORATORY

May 17, 2006
1:30-3:30 p.m. CST

McNeese State University
Hardtner Hall, Room 104
Common Street at Sale Road, Lake Charles, LA

Who Should Attend?

Architects, Engineers, Contractors, Building Officials, and other Interested Parties.

Why Attend?

Plans for each New or Renovated Commercial Building must be submitted to the Louisiana State Fire Marshal for review. Energy Code compliance reports must be submitted with the plans to avoid problems with the review. This training session will provide an overview of the two software packages which are used to document compliance with Louisiana's Commercial (and Low-Rise Residential) Energy Codes. A question and answer session will follow.

How to Register?

- 1) Download the registration form at the following link: [REGISTRATION FORM](#)
- 2) Then fill out and save the file and email it to jerry.heinberg@la.gov.
- 3) If you have questions or problems registering: Send an email to Jerry Heinberg, or contact him at 225 342-3476.

For directions to the Building see the McNeese Campus map at the link: [MSU CAMPUS MAP](#)
